**EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

**In the specification:**

On p. 1, immediately after the title, the following paragraph has been inserted:

--This application is the National Stage of International Application

PCT/EP04/03333, filed on March 30, 2004, which claims foreign priority to German

Application 103 15 125.7, filed on April 3, 2003.—

2. The following is an examiner's statement of reasons for allowance: Applicant's arguments filed on April 5, 2007 have been found to be persuasive. The Examiner agrees that Schott, Jr. (US 3,980,418) does not teach or reasonably suggest the segment blocks being fully enclosed by the housing, as recited by instant claim 1. The examiner agrees that the two part construction of the spindle, as recited by instant claim 1, provides an assembly benefit (as disclosed in the specification; i.e., paragraphs [0004], [0005], [0008], [0009], [0030] and [0031]) which negates obviousness on the basis of mere separation of parts. Such assembly benefit enables assembly of the apparatus in a fashion which is not taught or reasonably suggested by DE 198 43 340.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Joseph Leyson whose telephone number is (571) 272-5061. The examiner can normally be reached on M-F 9AM-5:30PM.
